ELEGANCE FOR *Life*

FUTURE, VISION, PRODUCTION.

The aesthetic quality of the product is an inseparable part of its functionality. Every object produced belongs to the culture and serves for it. An aesthetic design with functionality means “everything”. Once it is away from functionality, such a design is incomplete. Through **KREABAD**, you will meet in each project functional, aesthetic solutions that could be combined with each other.

Ürünün estetik kalitesi, işlevselliğinin ayrılmaz bir parçasıdır. Üretilen her nesne kültüre aittir ve ona hizmet eder. İşlevselliği olan estetik bir tasarım “her şey” demektir. İşlevsellikten uzaksa o tasarım eksiktir. Kreamad ile her projede birbiriyle kombinlenebilir, işlevsel, estetik çözümlerle karşılaşacaksınız.

KREABAD

elegance for life...

RIM-ART TECHNOLOGY

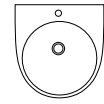

Experts Know

It is necessary to have a look at hygiene areas at first in order to understand how quality a place is. That is why these areas are as a summary of how a host or manager give importance to quality in each product and service. They are a photo of how meticulous you are in your personal areas.

UZMANLAR BİLİR

Bir mekanın ne kadar kaliteli olduğunu anlamak için ilk önce hijyen alanlarına bakmanız gerekir. Çünkü bu alanlar, her ürün ve hizmette ev sahibinin ya da işletmecinin kaliteye ne kadar önem verdiğinin bir özeti. Kişisel alanlarınızda da ne kadar özenli olduğunuzun fotoğrafıdır.
